

## **MAIRE ANNOUNCES NEW AWARDS FOR A VALUE OF APPROXIMATELY USD 3.5 BILLION**

*Milan, 3 March 2025* – **MAIRE (MAIRE.MI)** announces that its subsidiaries TECNIMONT, KT-Kinetics Technology and NEXTCHEM have been granted new awards for a total amount of approximately **USD 3.5 billion** for engineering and procurement and construction activities related to petrochemical and hydrotreating projects, as well as high value engineering services for a waste to chemical project.

These projects - whose engineering activities have already started - have been granted by prominent international clients in South Europe, Sub-Saharan Africa and in Central Asia and will be carried out by MAIRE's Integrated E&C Solutions and Sustainable Technology Solutions business units.

**Alessandro Bernini, MAIRE Chief Executive Officer:** “We are very pleased for these new awards which will significantly diversify our geographical footprint and confirm our capabilities in executing large complex projects as well as our technological know-how to support clients in their decarbonization path with innovative, sustainable solutions”.

**MAIRE S.p.A.** is a leading technology and engineering group focused on advancing the Energy Transition. We provide Integrated E&C Solutions for the downstream market and Sustainable Technology Solutions, the latter through three business lines: Sustainable Fertilizers, Low-Carbon Energy Vectors, and Circular Solutions. With operations across 45 countries, MAIRE employs over 9,300 people, supported by a global network of 20,000 project partners. MAIRE is listed on the Milan Stock Exchange (ticker “**MAIRE**”).
